

**Birthday Variation** – G. Verdi adapted and arranged by Jonathan McPhee

This work was created for a new ballet choreographed by Gerald Arpino and became one of his signature works at the Joffrey Ballet in the 1980's. The music offers choreographers a wonderful framework upon which to create their own choreography, but also makes an excellent selection for a pops concert.

1P222-4331 TIMP+1 Harp, Strings
